Rabbi Yaakov Zohar, *Shlita*  
President, Niztotzei Hazohar Association

Dear Sir,

I would like to express my deepest esteem for your manifold activities on behalf of the children living at Neveh Yehuda.

Ever since our first contacts with your association, over the years 2005, 2006, 2007 and this year, the children living in the Neveh Yehuda Home – and it gives me great satisfaction that the staff joins their voices, as well – we all wish to thank you for the support, assistance and acceptance by the Association which you head. The computer classes, the assistance in the form of equipment and shoes, the aid in organization and thinking, and the volunteers you refer to us, make it easier for us to handle the day to day coping and to provide for and to improve the wellbeing of the children who are wards of our Home.

As you know, our children are sent here from an environment of neglect, and have all been defined as children at-risk – at very high risk.

A hearty "*Yasher Koah*" – may you go from strength to strength for all you have done for our children.

Allow me to extend heartfelt thanks to our dear Ita, the volunteer who is our liaison with you, who always takes time out to help us, promote our children and assist in the contact between us. Blessings upon you!

Sincerely,
