

To Nitzotzei Hazohar Association

**THANK YOU for the HANNUKA PARTY 5769 (December 2008) at our school -
THE YUVALIM SCHOOL, Ramle**

The students, staff and administration of the Yuvalim School wish to thank you for providing us with “sparks of light,” just like your name – NITZOTZEI HAZOHAR – and have illuminated our Hannuka holiday for us this year of 5769 [December 2008].

You succeeded in getting all of our students to participate in activities of singing, dancing and creative movement together with the organization’s staff and volunteers, and have even brought in students from the Kibbutzim Seminar College Dance and Creative Movement Department who arrived in our school and brought joy to our students in such a unique way. We wish to thank you and express our gratefulness to you for this. We appreciate each and every volunteer with your organization who participated in this Hannuka festivity, and thank you for the LIGHT and LOVE you brought us, through your giving pleasure and smiles to all.

We enjoy these joint projects and are eagerly awaiting the next joyful events.
